

Registering For Existing Users

Important: FamilyID uses the latest technology, and outdated browsers may cause issues during registration.

We recommend using the most up to date browser versions of Chrome, Firefox, or Safari to ensure the best user experience. You may experience difficulty with Internet Explorer, Microsoft Edge, or work computers due to security settings.

Have you used FamilyID in the past to register someone in your family? Do you need to register that same person for a program or do you need to add a new person to your account? You can use one account to register anyone in your family, even if they aren't signing up at the same school or organization.

- 1 Once logged in to FamilyID.com as an existing user, you are brought to your **Dashboard**. Select the blue link with your organization's name or type the name of the school you are looking to register for in the search bar that reads **Type organization name or keyword to find a program**, select your state, and select **Find**.

The screenshot shows the FamilyID Dashboard interface. At the top, there is a dark blue navigation bar with links for 'Dashboard', 'Find Programs', and 'Registrations'. On the right side of this bar, it says 'King Family Account' with a dropdown arrow. Below the navigation bar, the word 'Dashboard' is written in a smaller font. A light blue banner displays 'Hello, Nicholas King' on the left and 'Last login: Jun 14, 2019' on the right. Below the banner, there is a section titled 'I want to register for a program at:'. This section contains a search bar with the placeholder text 'Type organization name or keyword to find a program.', a dropdown menu labeled 'State', and a blue 'Find' button.

- 2 Scroll through the search results to find your program. Select the blue link under the **Programs** header to access the registration form for the program.

Note: If there are no blue links or open programs as shown below, please reach out to your school/organization directly for further information on how to register for a program that is no longer available on FamilyID.
