

# MCC DUAL ENROLLMENT 2014-2015

One of the ways to earn college credit while you are a high school student is through the Dual Enrollment opportunity with Monroe Community College. R-H students have the opportunity to earn MCC credit for courses they take in high school. The curriculum has been aligned with the corresponding MCC courses. The MCC courses that students can register for during the fall semester are listed below:

ECO-101	Introduction to Economics
ACC-101	Accounting Principles I
BUS-110	Entrepren Studies I
FRE-102	Elementary French II
FRE-103	Intermediate French I
GER-102	Elementary German II
GER-103	Intermediate German I
SPA-102	Elementary Spanish II
SPA-103	Intermediate Spanish I

In the spring semester, some of these courses will be offered again for those students taking these courses second semester.

In September, students received specific information from their teachers about the Dual Enrollment process, including the on-line registration and payment process.

Hundreds of R-H students have earned college credit through the Dual Enrollment program, and we hope you will consider this opportunity in the coming school year. For more information, please speak with your teacher.
