

College Credit for the PLTW Biomedical Science Courses in 3 Easy Steps

1. Go to www.rhnet.org/biomedicalpltw to see potential college credit opportunities.

2. Work with your academic advisor at the college you plan to attend to choose a PLTW transfer credit option that will be accepted there. This step is imperative to ensure that the credit you obtain transfers to the college you plan to attend.

3. Contact your Rush-Henrietta School Counselor to verify test scores, grades, and to obtain signatures for your PLTW transfer credit application. You may be asked to share your End-of-Course Assessment scores with the college you plan to attend through the PLTW portal. This [one-page guide](#) explains how to do that.

Timeframe: Refer to the deadlines posted by the partner colleges at www.rhnet.org/biomedicalpltw. Typically this credit is applied for by the end of your first semester in college.

For additional questions and support contact Rush-Henrietta's Director of Science and Technology at 359-5054

Final approval of your transfer credit will be at the discretion of the college you choose to attend.
