

How to Study for Math using Mr. Falci's Classroom Website

Web Address: <http://www.rhnet.org/webpages/jfalci/>

From www.rhnet.org → Classroom Pages (Left) → Type to Search Falci → Click Mr. Falci's Site

Navigate to All Resources of the Class Website on the Home Page

Click: Current Unit

Here you will find pages to each Unit of Study. Within each Unit Page are the Class Notes, Online Practice Flash Cards, Extra Practice Resources, and Video Tutorials. Also as the Unit draws to a conclusion, the Unit Review Packet and Answers will be posted. This packet is very important as the students prepare for the Unit Assessment.

Unit Home Pages:

Unit A1: Expressions

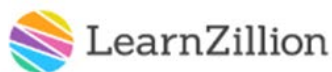

- Unit Review Packet
- Unit Review Answers

Unit A2: Equations and Inequalities

- Unit Review Packet
- Unit Review Answers

Unit B: Multiplying and Dividing Fractions

- Unit Review Packet

Here you will find links to some of the more important Grade 6 and School Resources. **LearnZillion** and **Khan Academy** offer videos and extra practice problems. **MyMathUniverse** is our online curriculum. Students have their own account where they access lessons and online homework. **ParentConnect** is the online parent gradebook and **EngageNY** is a website that can help you learn more about the Common Core. You can access these sites by clicking right on the picture.

These appear on the Unit Pages for each CCLS Grade 6 Math Standards.

CCLS Standard:

"I Can Statements"

The learning objectives that students should be able to do.

Topics:

Pages that contain Video Tutorials, Class Notes, Extra Practice Worksheets and Practice and Vocabulary Flash Cards.

6.EE.1

Write and evaluate numerical expressions involving whole-number exponents.

"I Can Apply the Order of Operations to Simplify a Number Sentence."

"I Can Simplify Numerical Expressions with Exponents."

Order of Operations

- Video Tutorials
- Class Notes and Online Resources
- Extra Practice Worksheets with Answers

Exponents

- Video Tutorials
- Class Notes and Online Resources
- Extra Practice Worksheets with Answers

Unit Review Vocabulary Flash Cards:
Online Flash Cards to Help Study and Reinforce Concepts. ****VERY HELPFUL REOURCES****

Retesting:
This page outlines the Unit Test RETESTING process and provides links to all resources associated with the test topics.

The process for Retesting is: (1) Practice (2) Test Corrections (3) Retest.

Video Tutorials:
A page with video tutorials listed for many topics within the unit. Many other videos can be viewed on external sites such as **Youtube, LearnZillion, and Khan Academy.**

Unit Review: Vocabulary and Essential Learning Flash Cards

Calendar

Class Schedule: Where to Find Today's Notes and Homework

RETESTING

(1) Finish Practice Packet

(2) Test Corrections

(3) Retest

Weekly Reviews

Video Tutorials

Calendar:

Shows Homework Assignments and upcoming Tests and Quizzes. Also shows when Weekly Review Sheets are due.

Class Schedule:

A place where absent students can go to access class notes, homework and other classroom news.

Weekly Reviews:

Weekly Reviews are handed out every A-Day and are due the next A-Day. They reinforce the content from the early parts of the year. The Weekly Reviews are uploaded for students to print off if they misplace their first copy. These assignments are worth 15% of the students quarter grade.

What Extra Can my Son/Daughter do to Improve?

This site has MANY resources that will help your son/daughter be successful in Grade 6 Math! I can't monitor the use of these resources at home so I need your help!!

Located on the homepage are the units we will be covering this year. Within each of those pages are practice problem flash cards, vocabulary review, and video tutorials for every skill and application we will learn about. All of these resources are organized on a daily basis on the Class Schedule link located on the home page. I will post all class notes, homework, and class activities along with answer keys that students may use responsibly or you may use to check over the work.

Most importantly, please take an active role in monitoring the completion of homework, organization of the student agenda and homework folder, and reminding you student to study materials when there is a test or quiz. Having you be my voice when the students are at home goes a long way to helping them succeed.

If you do not have Internet Access at home, your student can access computers in the library/classroom before or after school, during Home Base, or during a Study Hall. Also printouts of the resources are available if you ask.
