“Seniors – Class of 2025”

While navigating your senior year, we have a few ideas to make your time and planning go smoother.

- If you are applying for "Early Decision" or "Early Action," start preparing your application now and be aware of their specific deadlines. The Counseling Center staff requires ten school days to process applications. Take this into consideration when thinking about college application deadlines. Read all the instructions on the college applications thoroughly to find out what information is required (test scores, essays, recommendations, etc.) and when it must reach the college.
- Watch for college visits with a college admissions representative. Be prepared with questions. All college visits are posted in Naviance Student. Register for the colleges you are interested in attending. A complete list of visitation times and colleges is available on the College & Career website under "College Fairs and Visits."
- Attend CARA (formally RAC College Fair) where you can meet with various college representatives: **Wednesday, September 25 - Senior High Cafeteria: 8:30 - 9:15 am.**
- If you have not taken the SAT or ACT or think you can improve your test scores by retaking these tests, plan to retake them in the fall. Register online for these exams. Pay attention to registration deadlines and the photo requirement.
- **Register at: <https://satsuite.collegeboard.org/sat/registration>**
- Create a checklist of deadlines, fees, test dates, college applications, and scholarship deadlines.
- Document your activities, including clubs, sports, volunteering, leadership, awards, work, etc. In addition, you will need this information for your college, scholarship applications and employment resumes.
- Start asking teachers to write you a supportive letter recommending you as a capable student ready to do college work. Be sure to give them ample time to prepare this letter. **Procrastination on your part does not constitute an emergency on theirs!**
