  2. The complete date the order was written and signed.
  3. The service(s) being ordered. Note: The frequency and duration of the ordered service must be either specified on the order itself or the order can explicitly adopt the frequency and duration of the service in the IEP by reference.
  4. Ordering provider’s contact information (office stamp or preprinted address and telephone number).

  7. The ordering practitioner’s NPI or license number.
  8. Additionally, appropriate ICD-10 Code(s) must be included with diagnosis and/or reason for ordered services.

- **Session Notes** must be completed for every service delivered.
  1. Session notes must be entered electronically in the RS Log at the time services are entered.

  3. Session notes cannot be altered or edited once electronically signed.
  4. If a mistake was made, the entry must be deleted and re-entered.

- All actions in the RS Log must be performed by the related service provider delivering the service. Login and passwords should never be given to another individual for the purpose of entering anything in the RS Log on your behalf. If you forget your password, please contact the Medicaid clerk at 359-7921.

Related Services Log

The **Related Services Log (RS Log)** is used by providers to enter status information for services that have been delivered to the student, based on the student’s IEP. Services that are claimable for Medicaid are identified and can then be submitted to Medicaid Direct for processing.

Electronic signature functionality for the Provider and electronic counter signature functionality for the USO/UDO (Under the Direction Of/Under the Supervision Of) are available in the RS Log. This functionality allows the Provider, and as required, the USO/UDO provider to systematically sign, date and time stamp the service entry. USO/UDO provider signatures are required when the provider of record is not licensed and the service provided is Speech Therapy, Physical Therapy, or Occupational Therapy.

Once an entry has been saved it cannot be deleted according to NYS Medicaid regulations. The entry can only be invalidated and then re-entered with the correct data.

The RS Log is only available when the student's IEP contains **Related Services** and is finalized.

To enter data in the RS Log:

1. From the **My Students** age, click to access the student's finalized document.
2. Click on the **Related Service Log** link under the **Log Entries** tab.
3. Select the service from the **IEP Related Service** drop down menu. Be sure the dates of service corresponds to the time period for which attendance is being added.
4. The calendar defaults to the current day. To select a different day, click on the number of the day on the calendar. It will then be highlighted in orange.
5. Select the **Log Type**.
6. **Provider** field auto-populates with the provider recording attendance.
7. Select **Actual Ratio**.
8. The **Quantity/Day** field defaults to 1 and should never be changed.
9. The **Setting** defaults to the **Recommended School** entered in the **Committee Recommendations** section of the latest finalized IEP. To change the default value, select the **Setting** from the drop down menu. If "other" is selected, a new text box will display so that the setting name can be typed in.
10. Select the **Session Start Time** and **Session End Time**. The AM/PM will default according to the time entered. Make alternate selections as necessary.
   - **Do not** select the time from the **Duration** field unless the service is NOT Medicaid claimable.
13. Click **Add**.

14. The row of service now displays at the bottom of the screen. To enter session notes, click **Add**. Click **Save** when finished. If allowable by the district, click the check box to indicate that session notes are on file (this means the provider has paper/pen session notes).

15. To view the current goals and/or objectives for the student, click **View Goals & Objectives**.

To electronically sign the session, click **Sign** and then click **Sign**.
**Related Service Log**

*(For use in entering RS Attendance for an individual student)*

**Adding an Entry for Medicaid eligible services (Speech, OT, PT, etc.)*

1. Click the black button ▾ to view the finalized document for the student. To add Related Service Log attendance for a student, place the mouse pointer over Log Entries to expand the menu, and then click the Related Service Log link.

To add attendance, select the Related Service from the **IEP Related Service** drop down menu, ensuring that the date range of service corresponds to the time period for which attendance is being added. The Ratio, Frequency, Period and Duration from the student’s finalized IEP for the selected service will display across the top of the screen.
4. Next, to the left of the calendar:

   a. Select the appropriate Log Type (i.e., Service Provided, Student Absence, etc.).

      - NOTE: Student Not Available or Provider Not Available should be used when indicating the session could not be provided as scheduled. Student Absence or Provider Absence should be used when indicating the student or provider, respectively, was not in school that day.

   b. The Provider field will auto-populate with the name of the provider recording attendance.

   c. Select the Actual Ratio.

   d. The Quantity/Day will default to 1 and is to designate the number of sessions provided. This number should never be changed.

   e. Select the Setting. A drop down menu of all Recommended Schools will display; the default is the Recommended School on the student’s current document. Choose the school where the service is delivered.

      i. The following choices will also be available:

         1. Home
         2. Hospital or Other Non-School
         3. Preschool Itinerant Services Only
         4. Private Provider Agency
         5. Student is Parentally Placed in a Non-Public School
         6. Other

   NOTE: If Other is selected, a new text box will display, entitled Other Setting. Type in the name of the school, agency or setting in which the service was provided.

   f. Select the Session Start Time and Session End Time. The Duration will be calculated in minutes based on the selections for Start and End Time and the duration field will then become disabled.

      i. A value should NOT be selected from the Duration field dropdown unless recording a service that is not Medicaid claimable.
g. Select the **CPT Code (1)** by clicking the link to the right of the text box and choosing the appropriate code from the list. If the session involved using more than 1 procedure, click the link to the right of the **CPT Code (2)** field.

h. Select the number of **CPT Units** based on the Calculated Duration and the Session Time specified for each selected CPT Code.

5. To add the Date of Service, click **on the number** for the first day of service for the month. This will highlight the date in gold on the calendar and enter a checkmark in the box for that date. If adding multiple dates of attendance, click in the checkboxes for subsequent days for the selected Log Type in the month.

   **Note:** Entering multiple dates of attendance is only recommended when recording attendance for those related services that are NOT Medicaid reimbursable.

6. When all information has been entered, click Add. The Related Service Log entries will list at the bottom of the screen. Click Save to save entries.

9. Once the notes are saved, the notepad icon will turn gold. To view or edit daily notes, click the notepad icon. Notes may be edited until such time as the entry has been electronically signed.
10. To sign an attendance entry, click the pen nib icon. The following pop up message will appear:

Note: Once signed, the session note may not be edited in any way. Click the Sign button to electronically sign, or click Cancel to return to the Related Service Log.

11. After the attendance entry is signed, the pen nib icon will turn yellow. Hovering over the icon will provide the name and credential of the signer, as well as the date and time of the signature.

Notes: If the Provider is NOT a Licensed Provider, the designated USO/UDO Provider will be unable to sign entries until the service provider has signed. The USO/UDO may sign multiple entries simultaneously using the “Sign All” button. Because session notes must be recorded as soon as practical after the session has been provided, there is no option for the Provider to “Sign All”. A separate notepad is also available for the USO/UDO to enter optional notes.

Adding an Entry for other Related Services (Music Therapy, Parent Counseling and Training, etc.)

1. Click the black button ■ to view the finalized document for the student. To add Related Service Log attendance for a student, place the mouse pointer over Log Entries to expand the menu, and then click the Related Service Log link.

11. When all information has been entered, click Add. The Related Service Log entries will then be listed at the bottom of the screen.

Deleting or Invalidating an Entry

Medicaid states that electronic records can be kept provided that “…the electronic record is the original record and has not been altered or, if altered, shows the original and altered version, dates of creation and creator”.

To comply with the requirement, deletion of entries will be permitted only for those RS Log entries that have not been saved.

Once saved, the entry may only be “invalidated”. The invalidated record will be treated the same as a deleted record (will not be included for importing and reporting) but will display in the invalidation history tab which is visible in the Related Services Log in Frontline.

1. To delete an entry, click the delete X to the left of the unsaved entry.

2. To invalidate an entry, click the invalidate button, to the left of the saved entry.

3. Once the entry has been marked as invalid, the following warning message appears:
Clicking OK will invalidate the entry and remove it from the RS Log screen. Click Save.

To view any invalid entries, click the invalidate button on the upper right corner of the entry detail section at the bottom of the RS Log edit screen. The invalid entries will display in a pop up window as seen below:

**Deleting or Invalidating an Entry**

Medicaid states that electronic records can be kept provided that “…the electronic record is the original record and has not been altered or, if altered, shows the original and altered version, dates of creation and creator”.

To comply with the requirement, deletion of entries will be permitted only for those RS Log entries that have not been saved. An unsaved entry is one that has not been electronically signed yet.

Once saved, the entry may only be “invalidated”. The invalidated record will be treated the same as a deleted record (will not be included for importing and reporting) but will still display on the screen.

1. To delete an entry, click on the delete X to the left of the unsaved entry.

2. To invalidate an entry, click on invalidate button to the left of the saved entry.

3. Once the entry has been marked as invalid, the following warning message appears:
Clicking OK will invalidate the entry and remove it from the RS Log screen. Click Save.

To view any invalid entries, click invalidate button on the upper right corner of the entry detail section at the bottom of the RS Log edit screen. The invalid entries will display in a pop up window as seen below:

Notes: In order to enter attendance, the student MUST have:

- a finalized document
- related services entered on the IEP

In order for the Related Service Provider to use the Electronic Signature feature:

- the provider must be entered into Frontline as a user
- the provider must have Related Service Group Access (i.e. Psychological Counseling, Speech, Physical Therapy, etc.)
- the provider’s credentials must be specified
- the electronic signature feature must be enabled for that user
