- Services must be provided by a currently licensed and registered professional nurse (RN) or currently licensed and registered practical nurse (LPN) under the direction of an RN, a physician, or other licensed and registered health care provider in accordance with the Nurse Practice Act.
- Services may also be provided by a NYS Licensed Practical Nurse (LPN) “Under the direction of” a licensed registered professional nurse, physician, or other licensed health care provider authorized under the Nurse Practice Act.
- All licensures and certification should be current and up-to-date.
- Licensed providers should have a valid National Provider Identifier (NPI).
- Electronic and scripted signatures should match the name on license and certification documentation.
- If you have a change in name or address, follow the protocol and guidelines for updating your licensure from the Office of Professions at the New York State website, http://www.op.nysed.gov/prof/nurse/nurseforms.htm.

**Individual Education Plan**

- Skilled nursing services eligible for Medicaid reimbursement only include those services listed on the student’s Individual Education Plan (IEP), i.e., the medically necessary services the student requires to remain in school in order to benefit from special education services. Medicaid reimbursement is only available for skilled nursing services that are episodic in nature, rather than full-day 1:1 nursing.
