Dear Parents and Students,

On Wednesday, May 10th we will be having the Even Start Program 25th Birthday Celebration! We invite you to come celebrate with us at 10 a.m. in the chapel (lower level) of the Good Shepherd School. There will be a brief history of the program along with many different speakers, including past and present students and teachers and entertainment by the preschool and adult literacy students.

May is staff appreciation month. We have picked May 17 as the day to celebrate our staff. We will provide lunch for all of our staff members at 12:30 p.m. that day and we will have a special dessert after lunch. It is important to us that all of our staff knows how much we value their work. Without them, Even Start would not be such wonderful program.

It is nice for the families to also show their appreciation. A card or note, or little treat would mean so much to them. Even the words “Thank you” means a lot. Please take the time to make May 17th a special day for all Even Start staff members: Kim Fiscus, Pam Harper, Chris Miner, Karen Minotti, Kay Lyons, Linda McGory, Michele Mihalitsas, Celeste Nicholas, Lindsay Vaeth, Angeli Wong, Michelle Whitt and Sobia Zulfqar.

I would also like to thank the volunteers of the program for their dedication in helping with all the aspects of the program throughout the year.

Thank you for everything you do.

With appreciation,

Pearl Tokar

TBF this year is Saturday, May 20, from 8:45 a.m. to 5:00 p.m. at Nazareth College, located at 4245 East Avenue, Rochester, N.Y. 14618.

This event is free and open to the public.
News from the Infant and Twos Room

Spring showers bring May flowers. Welcome May! Please join us for the 25th birthday celebration of the Even Start Program on May 10th at 10 o’clock.

We will be busy making flowers, bunnies, and butterflies throughout the month. We are also making gifts for our sweet moms for Mother’s Day, which is on May 14th and will be having a Mother’s Day tea in our rooms on May 12th.

We are always very busy in the classroom or outside painting, reading books and playing. We enjoy your children very much.

Karen Minotti and Chris Miner

News from the Preschool I Room

April was a busy month we did lots of fun activities. We had an interesting presentation on dental hygiene where children learned how to take care of their teeth. Thanks to Eastman Dental for the informative presentation.

We worked on different projects about spring, birds, flowers, caterpillars and butterflies. Children also learned about farm animals.

In April, we had an egg hunt. Children were so excited to find the hidden chocolate eggs, and make their bunny baskets.

We also had the Trike-a-Thon to benefit St. Jude’s Children’s Research Hospital. Thanks to all the families for their donations. Children loved riding on their trikes. We also learned to be safe and using helmets.

Carnival for the "Month of the Young Child" was another fun day. Children did lots of interesting activities.

In April, we introduced a "Sharing Box". Each day one child was able to take the box home to bring in one thing or toy that he/she wanted to share with the class. It was a nice experience for children to learn about sharing. Children were so excited to show and tell about their items.

We learned about planting, learned about how plants grow, and the essential requirements that a plant needs for growing. We also planted seeds.

We are excited about the 25th birthday celebration of the Even Start Program. Everyone is invited, please bring family and friends. Please dress your children in traditional outfits from your country.

In May, we will continue with our Sharing Box activity, will learn about pets and farm animals, will also do activities and projects around Memorial Day and Mother's Day themes. All moms are invited to Mother's Day Tea in our classroom on May 12th at 11:30 am.

Our Memorial Day parade will be May 26th at 11:15 a.m. Remember to dress children in red, white and blue. Parents are invited.

News from the Preschool II Room

“April showers bring May flowers." In April we were watching spring buds and blossoms all around us. Now the bare tree limbs and dried out stalks are taking on color, beautiful shapes and new life. Happy spring!

During April we talked about the changing of the seasons, the weather and the growing process. The children were busy working on Easter baskets and bunnies; creating and designing colorful eggs; reciting the poem “Little bunny Fu Fu”; and the best part of the fun and activities was the egg hunt.

We had a fun-filled carnival for the “Month of the Young Child”. Thank you to Mr. Todd Jones and the Transition Class. The students enjoyed the different activities. We also enjoyed participating in the Trike-A-Thon to raise money for St. Jude Children’s Research Hospital. Thanks to all of you who supported the event.

People celebrate Earth Day every April 22. Earth is a beautiful place to live, but if people don’t take care of it, it will not be the same. We can help the Earth by recycling, saving water, saving energy and growing plants. As a result, the Earth will be cleaner and a healthier place for us.

In May, we will celebrate our moms; learning poems, making gifts and planning our celebration for them. After that, we will be learning about how a plant grows and how to take care of plants. Bugs and insects will be an interesting topic too. We can’t wait to have the fun times come.

On May 10th everyone is invited to celebrate the 25th anniversary of the Even Start Program at 10 o’clock.

Happy Mother’s Day!

May is National Physical Fitness and Sports Month

Regular physical activity is good for everyone’s health, and people of all ages and body types can be physically active. National Physical Fitness and Sports Month is a great time to spread the word about the benefits of getting active.

Here are just a few benefits of physical activity:

- **Children and adolescents** – Physical activity can improve muscular fitness and bone and heart health.
- **Adults** – Physical activity can lower risk for heart disease, type 2 diabetes, and some types of cancer.
- **Older adults** – Physical activity can lower the risk of falls and improve cognitive functioning (like learning and judgment skills).

Physical activity is for everyone. No matter what shape you are in, you can find activities that work for you. Together, we can rise to the challenge and get more active during the month of May!

**Physical Fitness**

It is important for all kids to move in order to stay healthy and fit. You can make things “fun” for kids and of course incorporate learning in them.

**Alphabet Exercises**

Write the ABCs on paper and put them all over the floor, or yard.

Mixed them up, so the children will have to walk more from A to B. Start with A, and then continued with the letters until you get to Z. Each letter has a “movement” that is acted out until the next letter is reached. You can do any movement you would like, but here is a list of some actions to try:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>A</td>
<td>Act like a cat</td>

Just go letter to letter and have fun with it!

**Exercise Dice**

You can use regular sized dice or make a large dice by covering a cube box with paper.

Here are some suggestions to use on your exercise dice. This example follows a bug theme, but these can easily be adapted for animals or machines (ex: hop like a bunny, or crawl like a backhoe, etc.). The kids love rolling the dice to find out what their next “task” will be!

- Hop or jump on and off the mat like a grasshopper.
- Stomp on the paper plates – have someone else place them around the room, or do arm circles as you fly from plate to plate like a bee.
Celebrate spring by flying a kite
by Gwynne Spencer

Spring winds beckon the kite flyer in kids and adults alike. With the simplest kite, a roll of string and a gentle breeze, you can join in the fun of the ancient art of kite maneuvering. The first kites were invented as tools of war in China. Huge man-carrying kites were flown over enemy encampments to allow birds-eye spying! Learning to fly a kite can be a springtime adventure that lasts a lifetime.

Here are some rules for safe and fun-filled flying:

- Never fly kites near trees, power lines or airports.
- Never fly kites over roads or other people.
- Never fly kites in storms or with wet lines.
- Never let a child fly a kite that needs more than 30-lb flying line (for details, read Curious George Flies a Kite).
- Don’t underestimate the power of the wind; always wear gloves when flying a kite.
- Fastening yourself to your kite can lead to serious injury – don’t do it.
- Never let your kite or line touch bystanders.
- Never use metallic flying line.
- Never fly over highways – the downdraft from passing vehicles is prodigious and can kidnap your kite.

Now that you have the ground rules, it’s time to choose a kite and get it into the air. If you’re looking for something beyond the basic paper or vinyl kite, check the yellow pages under kites. Many toy stores also carry a wide selection of kites. If you have a kite store nearby, you’ll find a wide selection of diamond kites, delta kites, airfoils, box kites, dragon kites and stunt kites.

Applications for the Auerbacher ESOL Family Scholarship for next school year are available from Linda McGory in the library. The Rush-Henrietta Even Start Preschool Program has been given money from the Dr. Auerbacher Trust Fund to provide a scholarship to a school district family for free tuition in the Even Start Preschool Program for their preschool-age child(ren) so their parent can attend an ESL class. The education of children who need English as a second language is of special interest to Dr. Ernest Auerbacher, a former assistant superintendent, and this will be what the scholarship money will support.

To qualify, a family must:
- Live within the Rush-Henrietta School District boundaries.
- Have a parent enrolled in an English as a Second Language class
- Have a child who would be three years of age, or older, by December 1st of the year enrolling in an Even Start preschool class.
- Exhibit financial need, which would prohibit or limit their ability to pay tuition in the Even Start Program.

Applications for this scholarship are available from Linda McGory in the library. This scholarship was created in memory of a former employee, Char Jobes, who passed away unexpectedly. The initial money for the scholarship was raised in recognition of the 20th Birthday of the Even Start Program.

To qualify, a family must:
- have a child(ren) who would be three years of age, or older, by December 1st of the year enrolling in an Even Start preschool class.
- exhibit financial need, which would prohibit or limit their ability to pay tuition in the Even Start Program.
- have a parent enrolled in an English as a Second Language class
- be a resident living in the Rush-Henrietta School District boundaries.
